I. General conditions

1. Baltic International Academy (hereinafter - BIA) Admission Regulations and Matriculation Procedure in short-cycle, first-cycle and second-cycle study programs in academic year 2025/2026 (hereinafter referred to as the Regulations) determines the procedure by which applicants are admitted to BIA's short, first and second cycle study programs, as well as determines the mutual rights and obligations of BIA and applicants.
2. The regulations apply to all branches of the BIA as well as other entities (including natural persons) involved in the admission of candidates.
3. Latvian citizens, Latvian non-citizens, European Union citizens, citizens of the European Economic area, citizens of the Swiss Confederation, long-term residents of the European Community who have valid residence permits and have a prior education which complies with the requirements of the study programme, and which is documented and recognised in Latvia, have the right to study in the BIA.

4. In accordance with the procedures laid down in Sections 83, 84, 85 of the Law on Higher Education Institutions and the provisions given, foreigners may study in the BIA both according to study agreements, as well as according to international and interstate exchange agreements or within the framework of international programmes for co-operation of institutions of higher education and colleges.
5. In the case of a candidate who has graduated from a secondary school or an institution of higher education in which the language of the basic training differs from the language (languages) of the basic training in the specific the BIA study programme, the language ratings of the centralized examinations or the results of the languages in certificate/diploma annex shall be taken into account, if the candidate has acquired the language which is the BIA basic training language in the study programme selected by him or her, otherwise the candidate needs submit an internationally recognized certificate (copies thereof) confirming the knowledge of the given language.
6. All the persons matriculated are the BIA students.
7. The admission process in the BIA is organised and ensured by the Admission Commission which shall operate in accordance with these Regulations. The admission Commission shall perform the registration of candidates in Riga and other branches at the working time specified.
8. Admission to later study stages of the BIA, recognition of competences acquired outside of formal education or professional experience, as well as study results achieved in previous education takes place in accordance with the BIA Regulation on the procedure for recognizing competences acquired outside of formal education or professional experience and study results achieved in previous education.

II. Admission to full-time and part-time undergraduate study programmes

9. The persons who have acquired a corresponding full secondary education or recognised in Latvia previous education which is compliant to the requirements of the study programme have the right to enter full-time or part-time undergraduate study programmes in the BIA. Education shall be attested by a secondary education document – certificate of general secondary education or diploma of vocational secondary education.
10. For full-time and part-time study programmes candidates shall be admitted in an open and equal competition based on *the results of the centralised examinations*, except for the persons who have acquired secondary education up to 2004, as well as persons who have acquired secondary education abroad or persons with special needs, and the persons who have not taken centralised examinations if these persons have been exempted from State examinations of secondary education in accordance with the procedures laid down in the laws and regulations of the Republic of Latvia.
11. For matriculation in full-time and part-time programmes of the BIA in the academic year 2025/2026, persons who have completed their secondary education in the Republic of Latvia since 2004 must submit centralised examination certificates in at least two subjects, according to the chosen study programme or according to the choice of the applicants. The levels of the centralised examinations (in at least 2 subjects) must be between A and E (inclusive), or from 2013 onwards, a percentage mark corresponding to the current level boundaries for each specific subject. Results of centralised examinations obtained in accordance with the regulatory enactments that were in force before the adoption of the Cabinet of Ministers Regulation No 416

"Regulations on the State General Secondary Education Standard and Model General Secondary Education Programmes" of 3 September 2019 and the Cabinet of Ministers Regulation No. 332 "Regulations on the Model State Standard for Vocational Secondary Education and the Model State Standard for Vocational Education" of 2 June 2020 shall be equated with the examinations of the optimum level of learning content and shall be subject to a coefficient of 0.75, equating them with the examinations of the highest level of learning content. (This provision will apply to secondary school pupils graduating in 2022/2023).
